Leak-Before-Break in the Pressure Tubes of CANDU Reactors . . 1
G. D. MOAN, C. E. COLEMAN, E. G. PRICE, D. K. RODGERS & S. SAGAT (Canada)

The Role of Leak-Before-Break in Assessments of Flaws Detected in CANDU Pressure Tubes 23
H. W. WONG, V. K. BAJAJ, G. D. MOAN, M. HUTERER & C. O. POIDEVIN (Canada)

Leak-Before-Break Experiments on Heat-Treated Zr-2·5 wt% Nb Pressure Tubes 39
M. H. KOIKE, T. TAKAHASHI & H. BABA (Japan)

Development of USNRC Standard Review Plan 3.6.3 for Leak-Before-Break Applications to Nuclear Power Plants 57
K. WICHMAN & S. LEE (USA)

Leak-Before-Break Application in US Light Water Reactor Balance-of-Plant Piping 67
B. F. BEAUDOIN, D. F. QUIÑONES & T. C. HARDIN (USA)

Application of Leak-Before-Break to Primary Loop Piping to Eliminate Pipe Whip Restraints in a Spanish Nuclear Power Plant 85
M. RODRIGUEZ & A. ESTEBAN (Spain)

Development of Criteria for Protection against Pipe Breaks in LWR Plants 95
Y. ASADA, K. TAKUMI, H. HATA & Y. YAMAMOTO (Japan)

Ontario Hydro's Leak-Before-Break Approach to Darlington NGS Heat Transport System Piping 113
J. S. NATHWANI & J. D. STEBBING (Canada)

Analysis of Two Simplified Methods (R6 & GE-EPRI) for Circumferential Crack Stability in Leak-Before-Break Applications 129
PH. TAUPIN, PH. GILLES & S. BHANDARI (France)

Leak-Before-Break in French Nuclear Power Plants 151
C. FAIDY, S. BHANDARI & P. JAMET (France)

Leak-Before-Break in Steam Generator Tubes 165
B. FLESCH & B. COCHET (France)

A Plugging Criterion for Steam Generator Tubes Based on Leak-Before-Break 181
A. ESTEBAN, M. F. BOLAÑOS & J. M. FIGUERAS (Spain)

Locating a Leaking Crack by Safe Stimulation 187
C. E. COLEMAN, S. SAGAT, G. K. SHEK, D. B. GRAHAM & M. A. DURAND (Canada)

Failure Probability of Nuclear Piping due to IGSCC 205
F. NILSSON, B. BRICKSTAD & L. SKÅNBERG (Sweden)

Comments on Probabilities of Leaks and Breaks of Safety-Related Piping in PWR Plants 219
S. BELICZEY & H. SCHULZ (Germany)

A Probabilistic Approach to Leak-Before-Break in CANDU Pressure Tubes 229
J. R. WALKER (Canada)

Experiences using Three-Dimensional Finite Element Analysis for Leak-Before-Break Assessment 241
M. L. VANDERGLAS (Canada)

Analytical and Numerical Crack Growth Prediction for a Leak-Before-Break Assessment of Nuclear Pressure Vessel 255
W. SCHMITT, G. NAGEL, A. OCKEWITZ, L. HODULAK & J. G. BLAUEL (Germany)

Fracture Toughness of Weld Metals in Steel Piping for Nuclear Power Plants 273
K. YOSHIDA, M. KOJIMA, M. IIDA & I. TAKAHASHI (Japan)

Ductile Fracture Properties for Assessing Leak-Before-Break Issues in Ferritic Weldments 285
O. E. LEPIK & B. MUKHERJEE (Canada)

Ductile Crack Growth of Semi-elliptical Surface Flaws in Pressure Vessels 301
W. BROCKS, H. KRAFKA, G. KÜNECKE & K. WOBST (Germany)

A Leak-Before-Break Assessment Method for Pressure Vessels and Some Current Unresolved Issues 317
J. K. SHARPLES & A. M. CLAYTON (UK)

Recent Results of Fracture Experiments on Carbon Steel Welded Pipes . 329
G. M. WILKOWSKI, D. GUERRIERI, D. JONES, R. OLSON & P. SCOTT (USA)

Strength Behaviour of Flawed Pipes under Internal Pressure and External Bending Moment: Comparison between Experiment and Calculation . 351
D. STURM & W. STOPPLER (Germany)

Fracture Behaviour of Stainless Steel Pipes Containing Circumferential Cracks at Room Temperature and 280°C 367
C. MARICCHIOLO, P. P. MILELLA & A. PINI (Italy)

Leak-Before-Break Verification Test and Evaluations of Crack Growth and Fracture Criterion for Carbon Steel Piping 379
Y. ASADA, K. TAKUMI, N. GOTOH, T. UMEMOTO & K. KASHIMA (Japan)

Measurement of Leak-Rate Through Fatigue-Cracks in Pipes under Four-Point Bending and BWR Conditions 399
T. ISOZAKI, K. SHIBATA, H. SHINOKAWA & S. MIYAZONO (Japan)

Leak Rate Experiments for Through-Wall Artificial Cracks . . . 413
J. M. BOAG, M. T. FLAMAN & B. E. MILLS (Canada)

Directed Discussion 425
L. A. SIMPSON, C. E. COLEMAN (Canada) & E. SMITH (UK)

Index 433
